3,500 FLAGS ARE SOLD PARADERS ON SATURDAY

Thirty-five hundred flags were sold by the proprietors of the Big Store Saturday evening, which means about half of the people in the parade for Liberty Bonds and to commemorate America's entrance in the war bought a flag. It is estimated that there were seven thousand people in the parade on Saturday evening.

The manager of the Big Store announces that he is preparing a window on Macdonald avenue side of the store for exhibiting the honor flag which will be given to this city in case it exceeds its allotment of Liberty Bonds. This flag was displayed to the crowds by Manager Charles Cray Saturday evening and will remain permanently on display until the close of the Liberty Bond Campaign in the Big Store show window.

RETURNS HOME TO PREACH TO CONGREGATION

Rev. Frank Linder, pastor of Wesley Methodist church, returned home from San Joaquin valley towns Saturday night to preach to his congregation at the Sunday services. He was present at the Liberty Bond Rally Saturday night and made a few brief, but well received remarks.

Rev. Linder is engaged in Community Council for War Work organization under the auspices of the National and State Councils of Defense. After finishing up the towns of Petaluma and Woodland he went down into the San Joaquin valley and there was met by great success, the enthusiasm being especially great in all of the towns visited.

This Week Will Mark the Turning Point of This Contest for Record-Herald Gifts. The Candidates Should Pick Up a Nice Big Roll of Votes in Reserve This Week. Subscriptions Will Never Count More Than Right Now, So Make This Week Your Banner Week in Subscription Getting.

There is a turning point somewhere in every venture and it is our best judgment that the turning point in this campaign for better or for worse, is here this week. This is the closing week of the Big Gift Ballots which carry a tremendous voting power. The end of this special will be Saturday night at ten o'clock.

Those who make the best of these few days will surely set wisely and turn in the direction of success, and your reward is bound to balance out with just the measure of interest and effort put forth.

Never again during this contest will you be able to get so many votes.

Today's standing of candidates has again changed, and Miss Lillian Carlson of Stege leads both districts with 23,984 votes. The position of others have not changed.

NOTICE CANDIDATES.

If you learn that candidates in any other circulation work, are representing themselves to be working in this contest please let us know.

We have heard enough to lead us to believe that either some girl is representing herself to prospect-ive subscribers as working for the Record-Herald, or else some of the women folks in this community do not know what paper they are taking. It's one of these two things and it's hard for us to believe the latter the case.

The slogan this week is GET SUBSCRIBERS.

WASHINGTON IS WORRIED OVER RUSS SITUATION

WASHINGTON, April 8.—The Russian warships sunk by their commanders off the southern coast of Finland to keep them out of the hands of the Germans, reported several days ago, were blown up after German warships had opened fire on them, according to a dispatch to the State Department today from Stockholm. Three of the Russian vessels were battleships.

WASHINGTON, April 8.—News of the landing of the British force at Vladivostok, which followed a Japanese party into the city, reached the state department officially today from the American consulate there. No details were given. Additional advice to the State Department said that only fifty sailors were landed from a British cruiser. They were sent ashore to guard the consulate. The Japanese force was increased Saturday by 250 men.

WASHINGTON, April 8.—The landing of Japanese and British forces at Vladivostok and the Bolshevik objection to the move promised to cause the department of state some concern. When Japanese occupation of Siberia was proposed recently this government assumed a "hands off" policy, and the Russian national council of Soviets has announced its purpose to protest to the United States against the present step.

America's attitude drew expressions of satisfaction from the Russian official press, but developments in Vladivostok have changed the situation.

46 MEN WILL ANSWER CALL OF COLORS APRIL 26TH

The next call for men under the selective draft service will take place on the 26th of this month, at which time there will be called out from this city and vicinity 46 men, to complete our quota for this call.

The local exemption board received a telegram to that effect and the men will be taken from Class 1 group. Here is the telegram received from the Adjutant General this morning: "The Provost Marshal General has issued call No. 49, as follows: During fifteen day period, beginning April 26th, you will complete enrollment for Camp Lewis of 46 men, who must be white men and physically qualified for general military service. These men should be inducted out of Class 1 in sequence of order numbers, except that the provisions regarding delay of mobilization of men actually engaged in agriculture as outlined in can No. 84 will again be followed. Schedules for this movement will be sent you as soon as received from the American Railway Association. Place acknowledge this telegram by quoting the number of men assigned to your quota." (Signed) "Barre."

DIG LIBERTY LOAN DRIVE STARTS OFF WITH GREAT ENTHUSIASM

It is estimated there were seven thousand men, women and children in the big parade Saturday evening to commemorate the entrance of the United States into the world war for democracy and to give the third Liberty Loan campaign an impetus. Certain it is that there were a very large number of our citizens who turned out for the occasion. The lines of marchers, four abreast extended from First street to Sixteenth and counter-marching back to Ninth, where the exercises on the vacant lot between Ninth and Tenth took place.

It was a glorious demonstration, the like of which never before was witnessed by the people of this city. The Standard Oil company, Western Pipe and Steel company, the employees of the Pullman company, all the civic and fraternal societies were out in force, together with the school children and their mothers and cousins and aunts and they made a formidable and imposing array of humanity. Every occupation and branch of business in the city was represented.

The union men turned out in force to help swell the throng—in short about everybody was there. The exercises at the ground were about according to schedule published in the Record-Herald. Despite there was threatened showers and occasional drops of rain falling, the people braved all these threatening signs and stayed to hear the speaking. Mayor Lane, H. J. Wildgrube, Mrs. Katherine Smith and Hon. Theodore Bell spoke on the issues of the day and particularly in regard to the Liberty Loan campaign. Manifestly the hit of the evening was made by Mrs. Katherine Smith, who gave an excellent address, explaining clearly the purposes of the loan and the work before the people to win the war. Mrs. Smith is a sound and logical reasoner and drives home her points in a manner which left no doubt that her hearers grasped every fact presented.

One of the most pleasing features of the parade was Mrs. Colonel Owens and her mobilized Women.

5 GENERATIONS PRESENT AT CHRISTENING

Yesterday afternoon at 1 o'clock, at the home of Mr. and Mrs. R. W. Osborn, 150 Seventeenth street, occurred an unusual event, considering the parties present.

Royal Ray Osborn, born February 18, 1918, son of the host and hostess, was christened, Rev. D. W. Caffee, and old friend of the family, officiated.

Five generations were present. Mr. and Mrs. J. D. Osborn, grandfather and great-grandmother on mother's side, father's side; Mr. and Mrs. E. J. Mitchell, grandfather and grandmother on the mother's side; Mr. and Mrs. Elmer M. White, great-

UNITED STATES WILL PRODUCE BILLION BUSHEL OF WHEAT DURING YEAR

WASHINGTON, April 8.—Wide-spread interest centered in today's production forecasts of this season's winter wheat and rye crops, estimated by the Department of Agriculture from conditions April 1.

Winter wheat, sown last autumn on 42,170,000 acres, the largest area ever planted to that crop in the history of man, credited the winter with the lowest condition of record on December 1. In its December production forecast, the department estimated the crop would be about 540,000,000 bushels. Efforts had been made in the early fall to stimulate production by heavy planting, but weather and other conditions were adverse. The government designed to have a crop of 672,000,000 bushels of winter wheat and relied upon farmers to plant enough spring wheat to bring the country's wheat production this year to more than one billion bushels. Weather conditions through the winter have not been adverse to the winter grain crops, and early reports indicated that the winter wheat and rye had begun the spring in better condition than had been expected. It was felt from these indications that the production forecasts today would be larger than those estimated as a result of the December conditions.

Winter wheat production last year was 418,070,000 bushels and the condition of the crop April 1 was 63.4 per cent of a normal; 1916 production was 480,555,000 bushels and the April condition 78.3, while the average ten year April condition is 83.6 per cent. The crop's condition December 1 was 79.3 per cent of a normal.

Rye acreage last autumn showed a 36 per cent increase over the previous year with 6,119,000 acres planted. The condition of the crop on December 1 was 84.1 per cent of a normal and the forecast of production made at that time was 85,000,000 bushels. Last year's production was 60,145,000 bushels and the condition in April was 86 per cent of a normal; the 1916 crop was 8,062,000 bushels and the April condition 87.3 per cent, while the ten year average April condition is 89 per cent.

\$30 PER YEAR DEMANDED FOR USE OF LOT

J. C. Rockhold, residing at 2114 Bonello street, Los Angeles, who declares he is a railroad man with many acquaintances in Richmond, is the owner of a lot on the hill at the Point in the vicinity of Golden Gate avenue. For the past year R. Giovannetti, an Italian of that part of town, has been planting a garden on the lot and Rockhold threatens him with prosecution unless he pays him \$30 per year for the past rental of the lot and \$30 for every succeeding year he uses it.

The point is that the Richmond City Council and the War Garden committee is recommending that the people of Richmond put in as many of the vacant lots as possible to gardens; with the permission of the owners, if possible, but put them in any way. But this is what many of them are meeting with. Out of town owners of lots think they have struck a bonanza in the matter of rentals for their lots, when in fact the gardeners are not expected to pay a cent for the use of them. The lots are standing idle and raising gardens on them will not injure them in any way.

Rockhold sends a blank lease contract to Giovannetti and asks him to sign and return whereby he exacts \$30 per year for the use of his hill lot, which he says cost him a thousand dollars.

ALLIES GAIN GROUND FROM HUNS ALONG WIDE FRONT OF BATTLE

LONDON, April 8.—On the southern bank of the Somme the British last night made a small advance, it is announced officially.

PARIS, April 8.—Violent artillery engagements occurred last night, especially on the left bank of the Oise River, says today's official report. No infantry actions on the principal battle front are reported. The statement follows:

"The night was marked by violent artillery actions, especially on the left bank of the Oise. French patrols were very active, bringing in prisoners. On the left bank of the Meuse in the Argonne German raids were repulsed. Everywhere else the night passed in quiet."

Checked at most points along the front from Arras to Comcy, north of Soissons, the Germans are nibbling at the allied line in an effort to find a weak spot. So far the enemy has been repulsed along the western leg of the "elbow salient." In the Chauny-Coucy-La Fere triangle along the Oise on the extreme eastern end of the southern front of the battle line, the French have retired to higher ground.

Correspondents at the British front in France say signs are not wanting that the Germans are getting ready to launch another heavy attack on a long front in an endeavor to reach Amiens. Enemy efforts north of the Somme recently have been solely in an endeavor to capture artillery positions, but the Germans have not gained their objectives. Aerial fighting continues heavy.

French and British aviators have brought down 31 enemy machines, while British reports the destruction of 18 enemy airplanes.

From Arras to the Somme British line still stands as it did 10 days ago. The latest enemy attempt to attack was made in the region of Bapaume, 20 miles north of the Somme, but both efforts were broken up by the British artillery fire. Immediately south of the Somme there has been only local fighting with no change in the position of the battle front.

Heretofore the real estate men of Richmond have handled the business independent of each other, without organized effort of any sort. They are going to arrange their business so that each will work for the common good.

KAISER LEAVES BATTLEFIELD TO ESCAPE CENSURE

THE HAGUE, April 8.—The report that the kaiser probably will go to Rumania within a few days aroused much speculation here today. At the opening of the Ploesti battle, when the Germans were surging ahead, it was announced that the emperor was an supreme command. Now that the Germans have been halted, it is believed that he is leaving the western front in order to maintain his military prestige with the German people.

IT IS UP TO THE HOME PEOPLE

"The bullets from a machine gun shine like a silver ribbon in the sun on a bright day," said a Canadian soldier back, with wound, from Ypres.

It takes a myriad golden ribbons, stretching from loyal pocketbooks to Washington and thence across the sea to France, to keep the magazines of those machine guns choked with the steel jacketed missiles that "shine like a silver ribbon," but cut down the Hun like a sickle of death.

The first and second Liberty Loans sufficed to put into France the railroad builders and the foresters and the first units of the forces for which those pioneers made ready.

It is up to YOU thought the Third Liberty Loan to provide the bullets and the guns for the American host which is now ready to swoop down on the German line, the host that will throw back the Boche from his rush on Amiens—hurl him back across his own borders.

If you would not have him falter in his stride because he lacks a gun, a clip of bullets, or a bayonet; if you would not have the artillery cease firing because of lack of shells just when he needs support the worst; if you would not have the hospitals that dress his wounds powerless to alleviate his pain because of lack of supplies, **MAKE YOUR SHARE OF THE LIBERTY LOAN A WIDE AND HEAVY ONE.**

CHANCES TAKEN IN WAR GAMBLE

Germany has been winning battles and accomplishing her own ruin—as France did in 1813, and as the south did in 1862-3. Germany still has a chance remaining, the chance to accomplish at a stroke Ypres in 1915. Better a greater Verdun, believes the German high command, than a slow melting down into weariness and impotence.

Hindenburg criticized Falkenhayn for undertaking the Verdun assault. He is reported as defining that attempt as "amateur strategy." Yet in just two years he is driven to duplicate the enterprise, only he chose Picardy as the battlefield instead of Flanders or Verdun. Events, political and economical, forced him to subordinate purely military considerations. He had to take a military gamble.

In war there is always a large factor in chance. The ablest commanders seek to co-operate with that chance. So it is in business. The man who takes no chances never gets very far, though he may hold his own. The ablest commander seeks to co-ordinate with chance, often doing everything that with certainty can be done and chancing it that he may win.

Napoleon on his last field was driven to take a desperate chance. He lost. Sam Houston took an equal desperate chance at San Jacinto and won. Napoleon staked his all on Ney's charge, because he had to win then or inevitably lose all.

So the kaiser and the German staff are gambling now. Germany needs peace immediately. She needs it this spring or this summer, because America's strength is growing rapidly, Britain is holding her own, France is formidable, Italy still has three million men in the field, and the Russian situation is again becoming menacing. Japan has done nothing, but may be called into action at any moment that transportation can be had for half a million of her thoroughly trained fighting men.

The feeling in Germany is that there must be peace before the winter comes again, and has put all her resources into this mighty effort.

We do not mean to say that if she fails it will mean an immediate Waterloo, but it will be plain to her that she cannot win, if the allies persist. They have no choice except to fight it out and crush the menace of militarism.

SUPERSTITION OF THE AGES

Everywhere in the world are supposedly educated leaders of public opinion, usually of religious opinion, who are ever ready to assign moral reasons for certain meteorological changes or for geological catastrophes. An exchange from the south tells of a special sermon preached by a minister of the gospel in that locality in which the people were told that the aurora borealis, the unusually brilliant, was a warning from God foretelling the approaching end of the war.

To affirm that any natural phenomenon is sent as a warning from God to human beings, or that a natural catastrophe, like that of the earthquake at Lisbon, is a sign of God's wrath with men, shows ignorance of God's methods of dealing with the things of the world. The readiness to expound the ways of providence from interpretation of natural events is as much a mark of superstition as the fear of ghosts.

Primitive peoples always judged an unexpected calamity or a violent or unusual death as a mark of the displeasure of the gods. Many Christian people, in the twentieth century, have the same heathen superstition. It belongs to the Friday superstition, and of other superstitions that have absolutely no foundation in fact.

Stomach Trouble Cured

Oakland, Oct. 2, '17

My stomach was my master for many years, I was a

clock, on the 7th

department of the

S. P. Co., and after

my meal I had an

empty feeling in

my stomach.

Through lack of nourishment my

health was broken and I was in a

hospital for several weeks. The doc-

tor first treated me out with a

stomach pump. Then they treated

me for ulcers, and finally, as I did

not improve, they observed my di-

gestion through an X-ray. Con-

cluding that they could do nothing

for me they sent me home with the

suggestion of an operation.

Then a fellow employee who had

received a great benefit by drink-

ing the FONG WAN CHINESE

HERB suggested that I try them.

The first cup of tea brought me

genuine relief, and after a few

weeks I was entirely cured. I am

back in the office and will be glad

to give my personal testimony to

any desiring it.

Boiling Points Determine Quality of Gasoline

"Then I might just as well throw my gravity hydrometer away!"

"You said it, Mr. Motorist."

"Listen, the boiling points of gasoline absolutely control its starting qualities, accelerating qualities, power-giving qualities. Gravity has nothing to do with it."

"To get the most out of your motor, your gasoline must have the correct series of boiling points in a gradually rising, unbroken chain—low boiling points for easy starting, medium boiling points for quick and smooth acceleration, high boiling points for power and mileage."

"And only straight-distillation can give this. No mixture can embody all the hundreds of intervening fractions necessary for a perfect motor fuel."

AMERICAN CATS PROVE SELVES REAL FIGHTERS

At G. Barnes' Circus has a jungle nursery and these are two of the
babies.

America's own carnivora, the
Puma, show their fighting spirit in
a round with their adversary in
the Al G. Barnes circus, coming to
Richmond on Thursday April 18.
A group of twelve of these Ameri-
can "cats" is arranged in battle
line, "standing at attention" in
true soldier fashion, each one takes
their turn at a "down and out"
with their fair adversary, Miss Ric-
cardi.

Never before has the public been
invited to witness such daring feats
of animal exhibits as Al G. Barnes
presents this season. Over 1000
wild and domestic animals vie with
each other for the plaudits of the
people. The spirit of "do your
very best" that pervades the atmos-
phere this year seems to have hit
the animal world. Never, say the
Barnes animal instructors, have we
seen animals so keen to do their
bits and put the punch in their
acts as do the animals this sea-
son.

Year after year Barnes has
brought his highly educated beasts
to Richmond and each year patrons
have sat wide-eyed in astonishment
as the program unfolds presenting

something new and startling at each
entry showing the unthought of
versatility of the animal kingdom.
This season the animal circus mag-
nate has surprised himself in the
development of military animal ex-
hibits.

Every animal that can be taught
to perform is seen doing something.
Monkeys and elephants do the funny
acts, assisted by human clowns.
Horses do the stately and highly
educational acts with the ever faith-
ful dog running a close second.

The "cat" tribe, as the lion, tiger
and leopard family are known to
the show world, do their fighting
bit. Zebras, camels, llamas, kan-
garoos and other odd animals each
come in for their novelty features.
Dear old faithful and trustworthy
"Jumbo," how each of us have
grown to love him, and Barnes pre-
sents two herds of him in many un-
usual acts alone and with other
animals.

The big inspiring street parade
will leave the show grounds at
First street and Macdonald avenue
at 10:30 a. m. The doors to the
big top open at 1 and 7 p. m.

FAMILIES OF BERKELEY TO USE NO MORE WHEAT BREAD

BERKELEY, April 8.—Berkeley
tumped into the lead in the new
wheat saving program today, when
it was announced by Ralph P. Mer-
ritt, federal food commissioner for
California, that more than 1000
families in that city had already
voluntarily pledged themselves to
eliminate all foods containing
wheat from their tables until the
next harvest. The campaign was
conducted by the Berkeley unit of
the County Council of Defense and
endorsed by the United States food
administration.

FORGET-ME-NOT TAG DAY WAS SUCCESS

Mrs. W. A. Boone and her corps
of young lady field workers made
a great success of the Forget-Me-
Not bountifulness which they planned
on the day during the day. Every
one bought and the dimes received
will bring in a great many dollars
when the final returns are all in.

Today is the anniversary of the
birth of King Albert of Belgium,
and today was thought to be an
auspicious occasion for holding the
Forget-Me-Not tag day by the com-
mittee. That their expectations will
be more than realized is already
assured.

The money is to go into the Bel-
gian Relief Fund, to help relieve
the distress of these poor people
who have suffered untold hardships
on account of the indignities in-
flicted on them by the cruel Ger-
man soldiers.

ENTERTAINMENT OF ELCHO CLUB PLEASES MANY

Saturday night the Elcho club
gave its first entertainment and to
say the affair was a great success
is putting it mildly. All who at-
tended declare that it was the great-
est affair of the kind ever given
in this city and that every per-
former on the program did especial-
ly well.

The Elcho club is the only one
of its kind in Richmond—organ-
ized especially from the younger peo-
ple. For this occasion the boys
worked hard for the success of
their entertainment and that every
expectation was realized was more
than manifest by the words of
praise showered on them by their
guests.

Not wishing to interfere with the
parade, the entertainment did not
start until 9:30 o'clock. The guests
began to assemble in the beautifully
decorated clubrooms at 8:30 and
the intervening time was spent in
the boys showing off their quarters
and in making everybody acquaint-
ed with everybody else.

The program was very good and
pleasantly arranged and was ren-
dered by the following talented per-
sons: Miss Campbell, vocal solo;
Miss Gloria Osborn, who has been
called the queen of syncopeation
songs; Roy Patterson, blackface
comedian; Donald McLennan,
mysterious tricks; Miss Jewel
O'Rourke, songs and character bits;
songs by the incomparable Elcho
Quartet, assisted by Miss Gloria
Osborn, classical and character
dances by the three Reid sisters.

The committees consisted of H.
J. Hennessy, D. Rasmussen, Melvin
Foster, Bill Bates, S. MacGowan and
James Maloney for the entertain-
ment, and Charles Drake and Phil
McDewitt for the refreshments.

The Elcho Club was organized
two weeks ago and now has a mem-
bership of thirty members, with
beautifully fitted up clubrooms.

and Mrs. C. W. McMasters, of
this city, while the groom is one
of the popular young men of the
city.

RIMROCK JONES IS BIG FILM AT T. & D.

Wallace Reid, the popular Para-
mount star depicter of western
types, who recently was seen in
"Nan of Music Mountain," is to
star at the Richmond theatre to-
day and tomorrow in "Rimrock
Jones," from the novel by Dane
Coolidge, and directed by Donald
Crisp.

"Rimrock Jones" is a prospector
who, at the opening of the story,
finds himself in hard luck through
the designing efforts of Andrew
McBain, a canny Scotchman. The
latter has claimed Rimrock's mine
by unearthing a long forgotten law
to the effect that the holder of the
apex of a mine can claim the whole.
McBain stops at nothing to accom-
plish his ends and even goes so
far as to try to steal another mine
from Rimrock. How Jones finally
wins out with the help of pretty
Mary Fortune, makes a thrilling
and realistic photoplay.
